Joan Davidson, Instructor
South High School
Torrance, CA

Dear South High Students

Environmental Priorities Network commends you for developing the LIFE Team (Landfill Improvement for the Environment) that is concentrating efforts not only on local air pollution but taking it to the next level by researching the air pollution issues in our region and beyond.

By tackling the air pollution issues, you are taking actions and creating public awareness that will help eliminate a world wide problem.

Since Los Angeles has the worst air pollution in the United States, it is wonderful that young adults are addressing this issue.

We congratulate you on your efforts and wish you the best.

Sincerely

A handwritten signature in black ink that reads "Lillian Light". The signature is written in a cursive, flowing style.
